Guest Speaker: Jeff Eggers, Best-selling Author, Organizational Performance & Change Management Expert, Founder of the McChrystal Group Leadership Institute

As a senior policy advisor to two U.S. presidents, security professional, and leadership consultant, Jeff Eggers leverages 20 years of experience managing strategic efforts and leading high-stakes, high-performing teams during his time with the White House, Department of Defense, and the U.S. Navy. Eggers will explain why humble leadership is more important than heroic leadership, why leadership’s role is to cultivate rather than control, how a sense of “we” is the common thread amongst all high-performing teams — ranging from Formula One Racing to the Tokyo String Quartet to Navy SEALs — and why the most significant risk factors to a corporation are internal.
